

## CORPORATE MEMBERSHIP PROGRAM

### **ASHP Foundation Organizational Status**

The ASHP Research and Education Foundation is a non-profit 501 (c) (3) corporation with tax ID 23-7033369. A copy of our W-9 form for 2017 is available upon request.

### **Mission**

The **Mission** of the ASHP Foundation is to improve the health and well-being of patients in health systems through appropriate, safe and effective medication use. We invite you to share in our endeavor to develop practice models that will realize our **Vision** that patient outcomes improve because of the leadership of pharmacists as vital members of the health care team, accountable for safe and effective medication use.

### **Program Focus**

The **ASHP Foundation Corporate Membership** initiative focuses on shared responsibility for the public health including medication safety, optimal patient medication outcomes, capacity to meet current and future patient care needs, optimal pharmacy practice model development and implementation, and expanded pharmacist leadership with accountability.

### **Program Timeline**

Membership is annual, on a calendar or fiscal year depending on the preference of the participating member. A one-hour informational webinar with our advisory committee members is offered shortly after the June ASHP Summer Meetings. In November we host a day-long meeting at ASHP headquarters in Bethesda. One-on-one meetings with members are scheduled throughout the year.

### **Major Objectives**

The ASHP Foundation wishes to engage the best minds of the corporate community on the two most pressing issues facing the health-system pharmacy profession:

1. Advance the direct patient care role of the pharmacist, and
2. Leadership development for pharmacists in all phases of their career development.

### **Desired Mutual Wins**

- Find commonalities as well as distinctions in ideal goals and concerns for patient health, and gain understanding about industry and institutional imperatives to achieve optimal outcomes and the capacity to respond.
- Create dialogue among corporate leaders, ASHP Foundation board members and staff around current pharmacy practice, discuss what is working (or not) and why, and consider opportunities to improve patient care and medication use.
- Discuss ways in which healthcare corporations and the ASHP Foundation can partner to ensure that pharmacists expand their direct patient care role to improve medication outcomes.

**ASHP Foundation Corporate Members:**

Amgen, Apexus, BD Medical Systems, Boehringer-Ingelheim Pharmaceuticals, Cardinal Health, Eagle Pharmaceuticals, Eli Lilly and Company, Genentech, Heritage, Medi-Dose, Inc., Merck, Novartis, Mylan, Novo Nordisk Inc., Omnicell Inc., Pacira Pharmaceuticals, Inc., Pfizer US Pharmaceuticals, Purdue Pharma LP, Samson Medical Technologies, LLC., Sandoz, Tesaro.

**How Corporate Membership Funds are Used**

Contributions from this “shared goals” program are directed to the ASHP Foundation’s general *Annual Fund*, which is critical for the successful management of the Foundation’s research, education, and leadership programs leading to the safe and effective use of medication.

<b>ASHP Foundation Corporate Member Representation by Level of Support:</b>	<b>GOLD VISIONARY \$25,000 Annual Contribution</b>	<b>SILVER KEY LEADER \$15,000 Annual Contribution</b>	<b>BRONZE MEMBER \$5,000 Annual Contribution</b>
