

## **CORPORATE MEMBERSHIP PROGRAM: Partners in Medication Safety**

The **ASHP Foundation Corporate Membership Program** initiative is a partnership between the Foundation, ASHP, and corporations to improve patient care. We focus on areas in which pharmacists' expertise plays a vital role: medication safety, patient medication outcomes, and pharmacist leadership roles.

### **Direct Collaboration**

As a Corporate Membership Program partner, your corporation would have the opportunity to:

- Speak directly with key leaders in ASHP and the ASHP Foundation about your corporation's goals and interests. How does our mission align with yours? In what ways could we partner to improve patient care?
- Discuss current pharmacy practice, identify what works well or does not and why, and consider opportunities and formulate partnerships to enhance patient care and medication use.

### **Partnership Benefits**

Corporate Membership Program partners:

- **Enjoy** recognition and increased visibility at ASHP national meetings and through the ASHP Foundation website, social media, and communications.
- **Participate** in the annual informational webinar to gain an overview of current ASHP priorities and initiatives.
- **Attend** the annual Corporate Member Retreat with key ASHP leaders at ASHP headquarters.
- **Engage** in one-on-one meetings with Foundation and ASHP staff throughout the year.
- **Network** and **Collaborate** with like-minded corporate leaders around current pharmacy practice and patient care issues.

### **Corporate Membership Program Dues**

Your membership dues will be directed to the ASHP Foundation's Annual Fund, which supports research, education, awards, and leadership programs and pharmacy practice tools that lead to improving medication safety and patient care. Corporate Membership Program dues are on an annual basis.

Gold Member	\$25,000
Silver Member	\$15,000
Bronze Member	\$5,000
