Major Professional Accomplishments

- Being part of a team at the University of Wisconsin Medical Center and School of Pharmacy that implemented a comprehensive integrated drug distribution, clinical pharmacy services and pharmacy education program. The hallmark was

coverage for all inpatients on a 24 hour and 7 days a week as well as innovative ambulatory clinical pharmacy services and outpatient retail services.

- Being a preceptor involved with the training of a cadre of very capable pharmacy residents.
- Participating in leadership roles in the Wisconsin Society of Hospital Pharmacists and ASHP for many years on Committees, Residency Accreditation, the Board of Directors, Treasure, and as President.
- Involved with the creation and evolution of the University Health-System Consortium pharmacy clinical research and technology assessment programs.
