Disclosures

In accordance with the Accreditation Council for Continuing Medical Education's Standards for Commercial Support and the Accreditation Council for Pharmacy Education's Standards for Commercial Support, ASHP requires that all individuals involved in the development of activity content disclose their relevant financial relationships. A person has a relevant financial relationship if the individual or his or her spouse/partner has a financial relationship (e.g. employee, consultant, research grant recipient, speakers bureau, or stockholder) in any amount occurring in the last 12 months with a commercial interest whose products or services may be discussed in the educational activity content over which the individual has control. The existence of these relationships is provided for the information of participants and should not be assumed to have an adverse impact on the content.

In keeping with this requirement, ASHP asks that all faculty, advisory board members, planning committee members, content development consultants, and staff complete a disclosure form for each program in which they are involved. Anyone who refuses to disclose relevant financial relationships must be disqualified from any involvement with a continuing pharmacy education activity.

- Faculty, planner, ASHP Staff and consultants report no relevant financial relationships pertinent to this activity.

Methods and CE Requirements

This activity consists of faculty presentation along with slides and presentation materials. Participants must participate in the entire activity and complete the online evaluation to earn continuing pharmacy education credit online at ASHP eLearning Portal. Follow the prompts to claim credit within 60 days after completing the activity.
