

Pharmacy Leadership Academy® Program Overview

Develop your leadership bench strength

- Enhanced competence to tackle contemporary issues in healthcare.
- Results-focused staff development to optimize organizational outcomes and effectiveness.
- A global network of alumni-leaders
- Proactive succession planning

Your peers know the benefit of the Pharmacy Leadership Academy® (PLA)

- Directors of Pharmacy send teams and ask that we reserve spots
- Increasing number of alumni use and recognize the designation of Diplomate, Pharmacy Leadership Academy (DPLA)
- Graduates are our top referral group to the program
- Fulfills a competency requirement for ASHP's Certified Pharmacy Executive Leader (CPELSM) credential

Exceptional value

- 12-month, virtual program taught by a stellar faculty.
- All materials, including ebooks and a Harvard Business Review subscription, are included in the tuition.
- Each 6-week course provides participants an opportunity to apply course content in your organization.

Program participants

- Existing positional and emerging leaders at every level of the organization in every practice setting. Past participants have included Directors and pharmacists in many different roles, including:
 - Clinicians who lead interprofessional teams
 - Managers who need to implement new programs
 - HSPAL Pharmacy Residents
 - Pharmacy technicians in current supervisory positions

Program and Course Structure

- A structured mentoring framework is offered to broaden impact for organizations and individuals.
- An integrated case is utilized to amplify critical thinking, integrate new skills, and enhance application to real-life.
- Each course consists of 6 weekly modules in a fully asynchronous Learning Management System.
 - Weekly assignments, include readings, and responding to discussion and reflective journal prompts.
 - A group case assignment is required for the first six courses.
 - There is one optional LIVE discussion and other opportunities to engage with faculty and peers.
- The final course includes a capstone project to develop a personal leadership development plan.

Graduate Affiliations

The Pharmacy Leadership Academy® is recognized by colleges and universities as a graduate-level-worthy program. The programs listed below are eligible for graduate credit hours. The number of hours waived and specific eligibility requirements vary between programs, ranging between 3-11 credit hours.

Numerous PLA graduates have taken advantage of these relationships to obtain an advanced degree. Testimonials note that their achievement in the PLA gave them the confidence to pursue a degree and the Foundation's existing affiliations made it possible. Additionally, graduates have pursued degrees with non-affiliated programs and worked with admissions and the ASHP Foundation staff to have credits waived based on their PLA participation. Visit our [website](#) for contact information and links to each program's site for details.
