

# 2025 CORPORATE PARTNERS PROGRAM

*Working Together to Advance Pharmacy Practice to  
Ensure the Optimal, Safe, and Effective Use of Medications*

## THE ASHP FOUNDATION

As the philanthropic arm of the 60,000 member American Society of Health-System Pharmacists (ASHP), the ASHP Foundation is a 501(c)3, charitable organization, and we share ASHP's vision that medication use will be optimal, safe, and effective for all people at all times.

## OUR MISSION

Our mission is to support ASHP by advancing the professional practice of pharmacists and the pharmacy workforce by funding research and education that improves health outcomes through optimal, safe, and effective medication use.

## WHAT IS THE CORPORATE PARTNERS PROGRAM?

The ASHP Foundation Corporate Partners Program is a strategic partnership between the ASHP Foundation, ASHP, and corporations which promotes medication safety and improvements in patient care.

This annual program offers a robust variety of benefits through four partnership levels, all of which focus on collaboration, recognition, informational opportunities, and access to ASHP resources. In addition to our Platinum, Gold, Silver, and Bronze partnership levels, we offer a-la-carte benefit opportunities that can be added to any partnership level to better meet your business objectives.

With the generous support of our corporate partners, the ASHP Foundation invests in health services research, awards, education, and leadership development to advance the pharmacy profession, improve health outcomes for patients, and ensure the safe, effective, and optimal use of medications.

*“Knowing the ASHP Foundation promotes health outcomes, medication safety, and improvements in patient care, QuVa was excited to become a Platinum member of the Corporate Partners Program because the aligned focus on patient safety and outcomes was important to us. This enables us to better connect with and understand leaders in ASHP and health-system pharmacy to foster more transparent communication and collaboration around areas of mutual interest.”*

— Mike Scouart, QuVa Pharma  
Platinum Corporate Partner
