## THE ASHP FOUNDATION

As the philanthropic arm of the over 60,000 member American Society of Health-System Pharmacists (ASHP), the ASHP Foundation is a 501(c)3, charitable organization, and we share ASHP's vision that medication use will be optimal, safe, and effective for all people at all times.

## OUR MISSION

Our mission is to support ASHP by advancing the professional practice of pharmacists and the pharmacy workforce by funding research and education that improves health outcomes through optimal, safe, and effective medication use.

## WHAT IS THE CORPORATE PARTNERS PROGRAM?

The ASHP Foundation Corporate Partners Program is a strategic partnership between the ASHP Foundation, ASHP, and corporations which promotes medication safety and improvements in patient care.

This annual program offers a robust variety of benefits through four partnership levels, all of which focus on collaboration, recognition, informational opportunities, and access to ASHP and ASHP Foundation resources.

With the generous support of our corporate partners, the ASHP Foundation invests in health services research, awards, education, and leadership development to advance the pharmacy profession, improve health outcomes for patients, and ensure the safe, effective, and optimal use of medications.
