Partners in Medication Safety

ashp[®]
Foundation™

The ASHP Foundation Corporate Partners Program is a collaboration between the ASHP Foundation, ASHP, and corporations which promotes improvements in patient care. With the support of corporate partners, the ASHP Foundation invests in education, research, awards, and leadership development that advances the pharmacy profession and ensures the safe, effective, and optimal use of medications.

DIRECT COLLABORATION

As a Corporate Partner, your corporation will have the opportunity to:

- Learn about emerging trends, issues, and programs in pharmacy practice and medication management that could impact your corporate goals and initiatives.
- Speak directly with key leaders in ASHP and the ASHP Foundation about your corporation's goals and interests. How does our mission align with yours? In what ways could we partner to improve patient care?
